

DISREGARD THE R-22 MYTH, THE FACTS ARE CLEAR

R-22 IS LEGAL

to use, buy and sell

https://www.epa.gov/sites/production/files/2015-07/documents/phasing_out_hcfc_refrigerants_to_protect_the_ozon_layer.pdf

50 MILLION

residential &
light commercial
R-22 systems are
still installed today

JP Morgan 2018HVAC
Annual Review &
Outlook 5 April 2018

9 MILLION POUNDS

(on average)
is reclaimed each year

<https://www.epa.gov/section608/summary-refrigerant-reclamation-trends>

R-22 SYSTEMS ARE DESIGNED TO RUN ON R-22

Using R-22 ensures the shortest service call time for technicians, and the highest operating efficiency for the installed system

RECOVERED R-22 IS PROFITABLE

Turn your service call into cash selling used R-22 to an EPA certified reclaimer

RECOVERING R-22 IS THE LAW

but it also provides a long-term stable supply for decades to come

KNOW THE FACTS: R-22 IS AVAILABLE AND AFFORDABLE
